

## Get a'Board Program

By supporting Buddy's Walkway, you can "grow" Armstrong-Kelley Park. **For a \$100 donation**, a carved board with your message is installed. Each board is pressure treated 2" x 6" x 4' lumber. We order boards in batches of 10 orders and then the boards are driven from Maine to Osterville personally. This saves money and keeps the cost low. However, a significant delay in delivery can occur if we don't have nine orders in hand at the time you place an order. **If you are in a great rush to get the board delivered and installed, please add \$15 for expediting delivery.**

All donations will be used for the betterment of the Park.
