

Sample Pet Memorial Stone

## Buddy's Place Pet Memorial Stones at Armstrong-Kelley Park

**About the order:** We will place an order with our internet provider. \$100.00 Donation will include order placement, receipt, and installation of the stone in the memorial garden. This includes the cost of the stone and shipping and a \$45 donation to AKP. We will secure your stone in the ground from theft. The stone will be placed at our discretion around the sun dial and within the picket fence. **About the stone:** Stones are medium engraved river rock measuring 6" x 8" across which includes two lines of text and one graphic. The shapes and colors are random. (See example already installed inside the fence.) Stones are delivered to the Park in 5-14 days after order is placed. They will be installed as soon as we can, weather permitting. Please be patient. We are a small core of volunteers who work one morning a week during late spring, summer, and fall. Sorry but by local law, we cannot intern any cremains.
